ABOUT PERU

Uncover ancient secrets and breathtaking landscapes in Peru, a land where majestic mountains mingle with vibrant culture.

TRAVEL TIPS

- Acclimatize gradually: Cusco sits at 11,152 feet, so give yourself a few days to adjust to the altitude before heading to Machu Picchu.
- Layer up: Temperatures in the Andes can vary greatly, so pack layers you can easily add or remove.
- Embrace the local currency: Soles are the official currency, and using them shows respect for the local economy.
